MR. BURNS wheat buyer for the Ogilvie milling company went east on Wednesday's train. He found Edmonton prices too high, and sold out the wheat he had already purchased to John Cameron before leaving. The Ogilvie company may be able to run Winnipeg and Manitoba very successfully, but Edmonton is too heavy for them.

THE ANNOUNCEMENT by poster issued by the Northwest government that the liquor license fee to accompany the final application for license was \$210 was incorrect. A poster arriving on Thursday's train put the amount at \$244.99. The increased amount is on account of the fact of the license running fourteen instead of the ordinary term of twelve months.

W. DAVIS, of Merrill, Michigan, who visited Edmonton last week, has a long letter in the Calgary Tribune descriptive of the country along the C & E line, and comparing certain advantages enjoyed by the settler in Alberta compared with those enjoyed by the settler in Michigan, very much to the advantage of the former. Mr. Davis is a live man and is doing good work.

A large party of French-Canadian settlers arrived from Montreal on Monday's train, in charge of Rev. Mr. Morris. They came through in a colonist car without charge, and went out to St. Albert on Tuesday. They were F. Dubois and family of Montreal, Chas. Dubois and family of Longueuil, L. Lachance and family of St. Juste, Gauthier and family, Lachance, Joseph Denis and family, Isidore du Plessis, Lathe and family, Yannick, Tonnercourt and family, Tanguay, Dupuis and family, Pichot, and others. The party numbered 55 in all. They brought three cars of luggage and six teams of Canadian horses.

Calgary Tribune: Mr. John Ingram has sold out his interest in the Royal Hotel to his partner Mrs. Clark. He left on Tuesday morning for the east to see his friends, but will return in the course of four or five weeks and settle down in Edmonton, where he will build a first-class hotel which he intends to run himself.

The district of Alberta has been divided into 8 license districts. The local electoral districts of Edmonton, St. Albert and Red Deer form one district. The double districts of Calgary and the district of Banff form another, and the districts of Macleod and Lethbridge form a third. Three license commissioners will be appointed for each license district.

Calgary Herald: "Speaking with Mr. Cayley, M.L.A., we learn from him that with the appointment of the license commissioners the responsibility of the Territorial executive and the M.L.A.'s for the operation of the license act, absolutely ceases. The license commissioners will have the sole responsibility of appointing the license inspectors and may appoint whom they please."

MUNICIPAL ELECTIONS.

TO THE ELECTORS OF EDMONTON.

GENTLEMEN:

As you will shortly be called upon to elect a Mayor and the first Councilors to represent the interests of Edmonton as a municipality, I beg to offer myself as a candidate for the position of Councillor. In doing so it is with the earnest desire to further the interests of the Town in which I have cast my lot since 1886.

My interests are not located in any one portion of the town but equally distributed, and I have no particular axe to grind to favor any special locality. Having nothing but the welfare of the town at heart and while advocating all economical measures I would state that if elected I will support the following measures:

FIRE PROTECTION—Giving us an economical while efficient service and lowering our rates of insurance.

STREET IMPROVEMENTS—Opening up of those streets now closed and the removal of all obstructions from the same.

INDUSTRIES—Advocating as a rule no bonus, but temporary exemption from taxation, for any corporation and parties erecting Roller Process Mills, Elevators, or any other industry which would materially advance the welfare of the town and surrounding country.

PUBLIC WORKS—Bringing to bear every influence, vigorously and continuously, to have this year constructed a traffic bridge, government buildings, including a post office and custom house, and to have these located with a view to public convenience.

I remain
Gentlemen,
Your obedient servant
P. DALY.

EDMONTON BULLETIN SUPPLEMENT, February 6th, 1892.

LICENSE LAW.

The license law passed at the recent session of the Northwest assembly provides that the law shall be administered by a chief license inspector, by boards of commissioners appointed from time to time in each license district by the executive committee, and by inspectors in each licensed district, appointed by the commissioners for that district. The chief inspector and the district inspectors may be salaried officers. The commissioners, three in each district, are paid \$6 a day and their actual travelling expenses when engaged in their duties.

Hotels in town municipalities must have not less than ten bedrooms, in towns having 150 people within an area of one square mile, not less than seven bedrooms, and in other places not less than four bedrooms, and also stable accommodation for six horses.

In all cases the accommodation mentioned must be over that required by the hotel keeper and his family. Bed room accommodation includes bedding and furniture. The license fee for all hotels is \$200.

Wholesale licenses permit the licensee to sell in quantities of not less than one half gallon, except in case of bottled liquor, which may be sold in not less than two pint bottles.

In town municipalities only a tobacco business may be carried on in the same premises as the liquor store, but orders may be taken in an ordinary shop or office for liquor kept elsewhere. Wholesale druggists may sell alcohol up to ten gallons at a time to any person, and all other liquors up to five gallons to a retail druggist or physician. The fee for a wholesale license is \$200. Liquor sold under a wholesale license must not be consumed on the premises.

Town municipalities may levy a license equal to the amount of the Territorial license; which license fee must be paid before the application for Territorial license will be entertained.

In town municipalities where the population does not exceed 500 not more than two hotel licenses may be granted, and not more than one additional license shall be granted for each additional 500 of population.

Outside of town municipalities an applicant for any license must obtain the written recommendation of at least ten out of the 20 householders nearest in a direct line to the proposed licensed premises.

The board of commissioners sits during May in each year, as instructed by the chief license inspector and may,

(a) Define the conditions and qualifications requisite to obtain hotel and wholesale licenses within the district or any part thereof not inconsistent with the provisions of the ordinance.

(b) Regulate the hotels and wholesale premises to be licensed.

(c) Fix and define the duties, powers and privileges of the inspectors of licenses of their district.

Application for license must be sent to the chief license commissioner on or before the first of April, accompanied by \$10, which applications must be advertised in the district as soon afterwards as possible.

Each applicant for license sends to the lieutenant-governor-in-council on or before April 15th his formal petition for license with certain other particulars required and the Territorial license fee, together with five per cent additional to form a prosecution fund.

The application papers are sent to the board of license commissioners who decide upon the application and forward them to the chief inspector who makes out and forwards the license to the licensee.

Applications will be received at other periods, but the expense of the sittings of the commissioners must be borne by the applicant.

In case of refused applications the fee of \$10 accompanying the first application is forfeited, and the license fee and prosecution fee is retained.

All provisions of the ordinance must be complied with before an application for license can be undertaken.

No man and no twenty householders residing thereon to be proposed for licensed premises may object to petition for the granting of the license, and none of such petition with a fee of \$10 to the chief license inspector as a deposit of \$1000 shall be before the minister of agriculture. At the present as so costly as would be reflected.

A license inspector may appoint license commissioners to those who shall have all the qualifications required for the purposes of government. No person so chosen as a member of an organization of the license law through the action of the minister or his agent, the compensation shall be paid half to him.

Applications may be submitted at any time if the minister consents to the terms of the application.

Copies of the Liquor License Ordinance can be had on application, price 25 cents each.

Dated at Regina, the 27th January, 1892.

By order,
J. C. POPE,
Chief License Inspector.

all fines and penalties which the licensee may be condemned to pay for any offence against the ordinance.

All licensed premises must display a sign over the front door "licensed to sell intoxicating and spirituous liquor."

No wages of outsiders may be paid in licensed premises, and any payment so made shall be of no effect.

Not more than one bar may be kept on the licensed premises.

Under hotel license liquor must not be sold from 7 on Saturday evening until 7 on Monday morning, except to guests at meals. Under wholesale license liquor must not be sold from 10 on Saturday night until 8 on Monday morning. At other times hotels may sell from six in the morning until 11:30 at night and stores from 7 in the morning until 8 at night.

Liquor must not be sold on election days from 6 in the morning until the close of the poll.

Hotel keepers refusing meals, lodging or accommodation to travellers are liable to a fine of \$20 or a month's imprisonment.

Hotel keepers accepting anything except money or cheque in payment for or as security for liquor are liable to a fine of \$20; and the pledge given may be recovered as well.

Any licensee who permits gambling, drunkenness or any violent, quarrelsome, riotous or disorderly conduct to take place on his premises, or allows any intoxicated person to drink liquor on his premises is liable to a fine of \$25 to \$50.

Games of chance are prohibited in any licensed premises.

A licensee treating or attempting to bribe a constable is liable to a fine of \$25 to \$50.

Any person who makes or uses or allows to be made or used any communication between licensed and unlicensed premises is liable to a fine of \$50.

The licensee on whose premises is sold, and the person selling liquor, to a person under 18 years of age, not resident on the premises as a guest, lodger or traveller, are each liable to a fine of \$25, for a first offence, and for a second offence a fine of \$50 with forfeiture of license.

No male under sixteen years, or female, not the licensee or wife of the licensee, may sell liquor.

No person may recover any charge for intoxicating liquors supplied in quantities less than one gallon, except by a hotel keeper to a lodger.

Any person who supplies liquor to a person who has drunk to excess, and who afterwards, while intoxicated from such drinking, comes to his death accidentally or by suicide is liable to the legal representatives of the deceased for damages up to \$1,000.

Two justices may forbid the sale to any person given to excessive drinking.

The sale of liquor may be forbidden by a husband to a wife or wife to a husband, by a guardian or employer to a ward or employee under 21 years of age, or the custodian of any lunatic, when any of such persons have contracted a habit of excessive drinking. The interdiction holds for one year, and the person selling during that time contrary to the interdiction shall, if convicted, be fined \$100 and forfeit his license.

For the present year the first application for a license accompanied by the fee of \$10 must reach the lieutenant-governor-in-council by February 20th, and the applications must be advertised by the chief license inspector as soon after that date as possible.

The formal application with the full license fee and prosecution fund percentage must reach the chief license inspector, in Regina, not later than March 1st.

Licenses will be dated from the first of May and will run until the 30th of June, 1893. The fee for that period will be \$233.83 $\frac{1}{2}$, and prosecution fund percentage \$11.66 additional.

LICQUOR LICENSES.

Notice to intending applicants for licenses under the "The Liquor License Ordinance."

1. All applications, notices and other forms may be either written or printed, and must be in the form provided in the various schedules to the Ordinance.

2. Applications, accompanied by a fee of \$10, must be mailed so as to reach Regina on or before the 20th February next, addressed to F. W. G. Haultain, Esquire, Northwest Government Office, Regina, Ass.

3. In Town Municipalities, the Municipal fee must be paid between the 20th February and 1st March.

4. The petition (section 15 of Ordinance), recommendation, necessary affidavits, bond and Treasurer's receipt must be forwarded, accompanied by a fee of \$210, so as to reach Regina on or before the 1st March next, and be addressed as above.

5. The boards of commissioners will sit in April, on a date to be subsequently fixed, to consider applications and protests.

6. Copies of the Liquor License Ordinance can be had on application, price 25 cents each.

Dated at Regina, the 27th January, 1892.

By order,
J. C. POPE,
Chief License Inspector.

NORTHWEST ASSEMBLY.

The following resolution was moved by Mr. Clinkskill and seconded by Mr. McKay:

Whereas the services rendered by the officers, non-commissioned-officers and men of the Northwest Mounted Police Force during the rebellion of 1885, have not received the same recognition as the officers, non-commissioned officers and men of the Militia of Canada in respect to the granting of scrip and issue of medals thereto.

And whereas the Northwest Mounted Police were actually engaged in aiding to suppress the said rebellion, and the services rendered therein by the said force were as valuable in every way as those of the said militia.

And whereas the duty of patrolling the country and keeping in check any symptoms of dissatisfaction, both before and after the said rebellion, were as important and arduous as any performed by the said militia.

And whereas, in the opinion of this assembly, the granting of scrip and the issuing of medals to all the officers, non-commissioned officers and men of the Northwest Mounted Police enrolled at the date of said rebellion, and to all volunteers who were enrolled under and attached to the said Northwest Mounted Police Force, would be an act of justice and would prove a grateful acknowledgement of the important and dangerous duties performed by them.

Therefore be it resolved, that a memorial be presented to His Excellency the Governor-General-in-council praying that medals be issued and scrip be granted to all officers, non-commissioned officers and men of the Northwest Mounted Police Force who were members of that force at the date of the outbreak of the rebellion of 1885 and to all the volunteers who were enrolled under, and attached to the said Northwest Mounted Police force, on the same basis as that on which medals and scrip have been granted to the Militia of Canada.

This resolution was passed and ordered to be forwarded to the Secretary of State.

Mr. Haultain, seconded by Mr. Tweed, moved.

That it is desirable that the proceedings of the Legislative Assembly shall be recorded and published hereafter in the English language only.

He explained that this did not refer to the ordinances which would as hitherto be printed in English and French, but would apply to the journals which had cost \$1,200 to translate and print in French and which were seldom or never called for. Unless the resolution were passed the printing of all public documents in French would be compulsory.

M. Prince protested against any attempt to interfere with the right of the French people to speak their own language. The journals were not going to be asked for. He moved in amendment,

"Whereas in the electoral districts of North Qu'Appelle, South Qu'Appelle, Moose Jaw, Regina, Edmonton, Battleford, Prince Albert, Cumberland, Mitchell and Batoche, there is a large proportion of French-speaking Canadians; and whereas the French language has been recognized as an official language in the Northwest Territories, in consideration of the services rendered to this country by the first Canadian voyageurs and missionaries who evangelized, civilized and settled there at the cost of many lives; and whereas the French-speaking population is increasing every day, and in the interest of the cause of immigration in the Northwest Territories, no act should be done tending to make it appear that the people of the Northwest Territories are lacking in justice, liberality or political tact in regard to the national interests of every Canadian."

Therefore be it resolved, that it is not in the public interest than any change be made in the system of public printing in the Northwest Territories in so far as the French language as an official language is concerned.

The amendment was lost on the following division: Yeas—McKay, Prince, Nolin, Mitchell—4. Nays—Moyers, Knowles, Hause, Page, Dill, Movat, Scott, Richardson, Macpherson, Tweed, Haultain, Gaylor, Lumsden, Oliver, Wilkins, Davidson, Campbell, Clark, Jolly, Brett—20.

A private bill to authorize the Bell Telephone company to erect their lines in the streets of a town without the consent of the corporation met with very decided opposition. An amendment was proposed giving the Bell company or the same holding an other joint stock companies the right to do so; which amendment being voted to carry, the prosector of the Bell company left without the fee of \$100 which had been paid on account of the bill being referred by vote of the house.

The bill was introduced again on the 20th January, 1892, and was passed by a vote of 20 to 18.

At the same time the bill was referred to the committee on ways and means.

The report that Walter Howes, of Vernon, B. C., had been shot dead, killed by a gun accident, was received. He committed suicide by shooting himself in the heart with a revolver. He was ill and weak before his death, and left a note stating that he believed himself to be suffering from a disease of the brain, and had tried to end his life in that condition.

THE UNEXPENDED BALANCE.

A Dominion order-in-council of December 8th, 1891, placed the balance of certain sums voted for sundry expenses of government in the Northwest under the control of the legislative assembly after December 31st, 1892. The following statement shows the amount voted for each purpose and the amount remaining unexpended on December 31st, which thereby came under the control of the assembly:

The British Columbia correspondence of the Winnipeg Commercial, of January 18th, says that considerable quantities of Manitoba oats, wheat and feed barley have been imported into British Columbia of late and sell rapidly, the home supply being entirely inadequate to the wants of the market. Manitoba oats sell at \$26.50 to \$28 a ton, wheat \$30, barley, \$26.50 to \$27, chopped, \$25. Potatoes are on the rise and are quoted at \$20 a ton; turnips and carrots, 60c per 100, with prices stiffening. Ontario creamery butter, 27c to 29c; Manitoba creamery, 26c to 27c; dairy, 20c to 22c; fresh roll, 35c. British Columbia is now drawing its principal beef supply from Alberta and Manitoba. Recently contracts were made with the leading butchers for a supply of beef from Manitoba in the vicinity of Winnipeg. Hogs are being shipped from Manitoba and Ontario. Quotations are: Steers, live weight, \$4 to \$4.50; mutton, dressed, 5c to 6c; prime hogs, \$7.50 to \$8.

The Winnipeg Commercial quotes wheat prices in Winnipeg on January 21st, No. 1 hard, 70c., No. 2 hard, 70c., No. 3, 62c., No. 1 regular, 58c., No. 2 regular, 48c., No. 3 regular, 34c. to 38c., with no takers. These are the grain exchange prices and are of course higher than the prices received by farmers. Very little wheat was coming in owing to stormy weather. A great deal of grain in Manitoba will not be threshed until spring. Oats for feed brought 20c. to 22c. on farmers market in Winnipeg; at outside points 19c. to 19.5c. White oats were offered on the track in Winnipeg at 23c. without buyers. Barley 21c. to 22c. per bushel, Butter 20c. An order for 2,000 pounds was received from San Francisco, but it could not be filled. Eggs, hens, 20c. to 24c. a dozen.

The Glencoe Transcript says: "A novel case of interest to farmers was tried at Flesherton recently before Judge Cresor. According to the ruling any person purchasing agricultural machinery and paying for it with anything but cash or notes is still responsible to the firm, should the agent become a defaulter. The judge held that the agent must be paid the wherewithal to settle with his employers. Thus the giving of horses, etc., in part payment for machinery is a risky transaction unless the agent is known to be reliable."

The Vancouver Northern Pacific Railway & Alaska railway & Navigation company is applying for incorporation.

The Western World for January has several illustrated articles on the Prince Albert district of Saskatchewan.

DELEGATIONS FOR VOTERS AT M. S. PAL. ELECTIONS.

The voter will write on the ballot paper the name of the party or parties he wishes to vote for. Then he signs his name on the back side of the ballot paper, or the back side of the ballot box, whichever he chooses. The ballot box is deposited in the ballot box, where he can obtain a new one from the returning officer.

If the voter has written a new name, or selecting another officer of his party.

If the voter has written his name on the ballot paper, he should be allowed to change his name on the ballot paper, but not to change his name on the ballot box.

The voter, after he has made his choice, is to mark the name of the party or parties he wishes to vote for. If he has written his name on the ballot paper, he should be allowed to change his name on the ballot paper, but not to change his name

MUNICIPAL NOMINATIONS.

The nominations for the first council for the town of Edmonton were held in Fielder's hall on Wednesday, commencing at 10 a.m., and closing at 12 noon, sun time. The following is a list of the nominations:

MAYOR.

M. McCauley—by Geo. P. Sanderson and C. F. Strang.

COUNCILLORS.

A. F. Degagne—by A. D. Osborne and J. H. Kelly.

J. Knowles—by J. H. Kelly, T. H. Stewart and T. Henderson.

K. A. McLeod—by Thos. Henderson and J. H. Kelly.

Geo. P. Sanderson—by Thos. Henderson and S. S. Taylor.

Jas. McDonald—by W. S. Robertson and S. S. Taylor.

E. Raymer—by M. S. Connor, J. G. Lauder and J. R. Michael.

Mr. Raymer declined the nomination.

J. A. McDougall—by W. Fielders and S. S. Taylor.

E. F. Carey—by J. A. McDougall and W. Fielders.

C. F. Strang—by W. Fielders and S. S. Taylor.

Jas. Goodridge—by C. F. Strang and Ed. Looby.

John Cameron—by C. F. Strang and W. Johnstone Walker.

John Kelly—by W. S. Robertson, and J. H. Picard.

Donald Ross—by Alex. Taylor and T. G. Lauder.

P. Daly—Jas. Ross, E. Raymer and Jas. McKernan.

Jas. Ross—by Robt. Vance, W. McKay, P. Daly, A. D. Osborne, K. A. McLeod and J. H. Kelly.

D. R. Fraser—by W. S. Robertson and Chas. Sandison.

Geo. Thomson—by A. H. Goodwin, M. S. Connor, R. F. Shaw, T. G. Lauder, and E. Raymer.

Mr. Thomson declined the nomination.

At the close of the nominations M. McCauley was declared to be elected mayor by acclamation. He thanked the electors for the honor conferred on him, and for the confidence placed in him, in a short and neat speech. Messrs. C. F. Strang, Jas. Goodridge, P. Daly and D. R. Fraser, also made short addresses, pledging themselves to do their best in the interests of the town.

CREAMERY.

Eastern men looking for business investments in the west would do well to study the advantages which many localities in the Edmonton district offer for the establishment of creameries. In no part of the continent of North America is there such a combination of rich and luxuriant pasturage, good and abundant water supply, long milking season, suitable climate and adjacent markets such as the Edmonton district offers. With rich pasture everywhere and only comparatively small area of land under cultivation there is no limit to the number of milking cows that may be kept all summer long within easy reach of the creamery; while the farmers have reached the position in which all or nearly all have more cows milking than they care to attend to under the present system, profitable though it has always been. There are a number of points in the settlement where a creamery could be established within easy reach of sufficient cows to keep it running all season to good advantage, buildings can be put up cheaply, good water may always be had, the railway is at hand and there is the best market on the continent—British Columbia—with easy reach. If creameries can be made to pay in any part of the world they certainly can be made to pay in Edmonton.

The advantage that would accrue to the settlement from the establishment of this industry cannot be over estimated. The saving effected by the concentration of labor, enabling the farmers to handle at least double as many milking cows as at present with the same force and thus cheapening production; the manufacture of a standard export grade, only possible under the creamery system, which would open up a profitable outlet for an unlimited production, would mean that many thousands of dollars worth of grass that goes to waste every year without having given value to any one, would be turned into its actual value in hard dollars which again would be turned into the pockets of the farmers to the profit of themselves and the advantage of the whole district.

TOWN COUNCIL.

There has been some talk of the withdrawal of certain of the candidates nominated for seats in the town council, but up to the present time all those nominated, except Messrs. Rayner and Thomson, are definitely in the field. Although several days have elapsed since the nomination day, there has not been, as yet, any definite statement of the policy which they will pursue if elected. It is from every point of view desirable that the electors should know beforehand what is the policy of the several candidates; in order that they may be able to judge whom they should support as representing their views. It would also be fair for the candidates to say Monday or Tuesday night, and then and there say what they propose to do in municipal affairs. Do they propose high or low taxation? Do they propose to incur expense for public purposes? Do they think it better to live on our means for the present? Do they favor expense for fire protection, or do they think that the isolated character of most of the buildings in the city requires fire protection for the present? Do they propose to tax the town revenue by a straight tax on property or do they propose to depend on dog tax, dray tax, boarding house tax, poll tax, etc., with a view to reducing the burden on property? At what rate? Do they propose to issue a municipal liquor license? What is their scheme of police protection? What are they going to do regarding the establishment of productive industries? These are very many other questions which are important, and the questions will have to be dealt with by the first council and the electors ought to know how his candidate is going to vote on these questions before pledging his vote to the candidate.

CURLING MEETING.

The monthly meeting of the Edmonton curling club was held last night. A communication was received from A. Taylor offering a silver cup as second prize in the schedule of games, the one to whom the trophy of the member of the rink winning it in a points competition. Messrs. McDonald and McQueen were nominated skips to play the two Calgary rinks, expected on Monday's train, they being their platers. Mr. H. K. Kelly was appointed a reception committee to meet the Calgary men. The managing committee reported that Mr. Wilson had been engaged as calculator at \$20 per month. The bowls for the Hardisty cup was arranged to commence on Thursday, 11th inst., at 7 p.m. Entries to be in before 7:30 p.m. on Tuesday, 9th. All games to be played by Saturday, night, 13th instant. It was provided that if the Calgary rink were unable to attend the bowls must be adjourned until Monday, 11th inst. Skips must play three of their own men. The fourth man may be chosen on the ice subject to the approval of the opposing skip. A communication from H. S. Young was read, stating, on behalf of Mrs. Hardisty, that the Hardisty cup was to become the property of the skip winning it three times in succession. J. Louhy offered a sum of money, in the bowls, of \$10 or four bats. Games in the bowls are to be 18 ends.
